A HORRIBLE STORY.

THE REVOLTING CONDITION OF A LITTLE GIRL.

Rev. W. C. Howell, a Colored Preacher, Should Return to Sedalia and Pave a Grave Charge.

The crimes of a city are manifold in their blackness and terrible details, but a more fiendish and dastardly story was never told than came to the ears of a DEMOCRAT reporter to-day.

A few days ago a prominent physician of the city was called to the home of Mrs. W. C. Howell, wife of the colored Baptist preacher, well-known in Sedalia, to attend upon his stepdaughter, Tishie Hutchings. An examination immediately showed a state of affairs that caused the physician to start back in horror. The child, for she was only 13 years old, was suffering from two unmentionable and revolting diseases. The girl was confined to her bed, her true condition having been unknown to her mother, and only the strong efforts of her doctor will be able to restore her, and even then she may be ruined for life.

The child was groaning with pain and appeared to be much alarmed when she was questioned as to who was the cause of her condition. She denied having been intimate with anyone, but the doctor's physiological examination proved this to be a falsehood. She would implicate no one, however, and was urged to make up her mind to confess the next day.

When the visit was accordingly made at that time, the girl appeared much frightened and seemed terror-stricken to think that her mother would learn the facts. The mother was asked to leave the room under some pretense and the child related a story of debauchery that is almost too damnable for comprehension or belief.

She stated that for two years her step-father had compelled her to submit to her desires and that daily during the latter months she had been compelled to undergo a torture too fiendish for description. The child would plead in vain for mercy, but he would take a knotted rope and beat her unmercifully until she ceased her pleadings and struggles.

This she claims has been going on throughout the last two years, making the child but eleven years old when the debauchery was commenced. The legal aspects of the case furnish grounds upon which a number of charges can be made, chief of which is raping a child. The Rev. W. C. Howell has now been absent from the city about four months and not until last week was learned the diseased condition of the child.

Her mother could hardly believe so monstrous a thing, but stated that she and her husband some time back had a row over his physical condition. The child pleaded that he be not told of her telling about the matter, as he would give her another beating with the knotted rope.

A DEMOCRAT reporter visited the home, No. 809 North Lamine street, this morning. The mother was absent as she is compelled to wash for a living. The girl was alone, bedfast and groaning with pain. She is an unusually pretty octogenarian, quite refined in appearance and in her conversation shows evidence of her schooling, having attended Lincoln school until her sickness. She

told her story in an agitated and frightened manner and seemed continually impressed with the fear that her step-father would return and beat her for confessing. She claimed that he repeatedly threatened her with dire vengeance should she reveal the secret to her mother.

Howell is said to be at Victoria, Texas; at the present time he should be in Sedalia; he is needed here. If guiltless, let him so prove himself and clear himself of the foulest crime that a man could possibly commit. He is a Baptist preacher by profession and is now said to be following this calling.

The Rev. W. C. Howell is not unknown in the courts of the city. On the 8th of last April he was before Justice Milo Blair, charged with obtaining money to the amount of \$13 from Joseph Lewis, a colored man, by false and fraudulent representations and pretense. He sold to Lewis on the 8th day of December, 1891, a share rated at \$200, in the Co-operative Benefit Association, of Natchez, Miss. He failed to produce the share and refused to return the money. The case was compromised in some way and dismissed at the cost of the defendant.

The Rev. Mr. Howell is needed in Sedalia; should he not return voluntarily, it should be seen that he does return to custody. The death penalty is none too severe if he is guilty as charged.

HARRY RYAN KILLED.

He Falls From the Top of a Freight Train and is Crushed to Death.

James Ryan, of the M., K. & T. shops, received a telegram this morning announcing the sad death of his son, Harry, at West Point, Texas, last night. He fell from a freight train and was killed instantly, his body being cut to pieces and mutilated almost beyond recognition. Harry was well known in this city having held several positions with the M., K. & T. in this city.

For several years he ran south to Denison as agent for the Union News company, and while in that service came near losing his life. The train was held up and robbed at Lelietta, in the territory one night and while Harry was standing on a coach platform a Winchester bullet struck him in the arm, producing a terrible laceration. During the past 8 months he has been braving and only a short time ago was speaking to a DEMOCRAT reporter in a reminiscent way about his luck in escaping without injury from the wrecks in which he had been.

The remains will doubtless be brought to Sedalia to-morrow.

Death of a Father.

Miss Belle Gilson, a compositress on the DEMOCRAT, and a most estimable young lady, received a telegram this morning announcing the sad news of the death of her father, John Gilson, of Owen Sound, Ontario, Canada, at 10 o'clock a. m. to-day. Miss Gilson has been in Sedalia but a short time, and has many friends to sympathize with her in her affliction.

Should be Prosecuted.

The hollowed smart aces got in their work last night, as broken fences, defaced buildings, etc., testified this morning. A dozen or more colored boys had warrants sworn out against them for damaging the Lincoln school property, and will be prosecuted under a special law covering such cases.

Taking Him Back.

D. L. Davis, assistant superintendent of the state reform school at Booneville, was in the city this morning on his way home with Wm. Hammers, a white boy, who escaped about a month ago by jumping over the fence. He was captured at Seneca, Mo.

LOOK AFTER THEM.

Some Suggestions as to Some of the Causes of Crime.

To the Editor of the DEMOCRAT. Will you publish a few stray thoughts from one who has the welfare of the community at heart, and is especially interested in the rising generation?

Let us throw a safe-guard around our homes and try to ward off some of the evils that are threatening the morals of those who are near and dear to us.

So many seem to think that their children are too much trouble for them; they want to put them off on somebody else, and depend on them to give them their early training; perhaps the mother wants to spend the afternoon with a friend, maybe she wants to go shopping, and it is too much trouble to get the little ones ready to take them, and she will leave them at home with the nurse girl, if she has one, or leave them with the next door neighbor—who already has her hands full—to look after them.

Is it any wonder there are so many children who are learning vicious habits before they are out of knee pants and short dresses? These little ones should be provided with suitable books and amusements around the fireside these long winter evenings that are coming on; take time from your

the executive committee by a vote of the majority of the members present

Your committee further recommend the adoption of the following resolution.

Resolved, That a nominating committee of six be appointed by the chairman of this meeting to obtain the names of those persons who shall constitute the membership of the league.

Dr. Crawford, in a short speech, stated that the league was for no other purpose than what its laws recommended—the organization having no personal nor political significance whatever.

The chairman appointed the following committee: J. H. Mertz, Chas. McLaughlin, G. W. Barnett, J. A. Montgomery, Dr. Henry Evans and Dr. J. W. Trader. On motion Prof. C. W. Robbins was made chairman of the committee.

The committee will meet in the near future at the call of the chairman.

Pinkham's Address.

C. L. Pinkham, candidate for congress in the seventh district on the people's party ticket, delivered an address to a small audience at the court house last night. The populist orator is a good speaker and was warmly cheered by his political brethren who heard him.

Did they ever pause to think how disgusting this sounds to other people. Honor your father and mother above all things.

There are so many young people and some that are not quite so young that do not seem to have the proper respect for old age; if there is any one that should have the best chair, the most comfortable corner, the most attention, it is the aged father or mother, the sainted old grandparents who are old and feeble, whose sight is getting dim or perhaps they cannot hear quite so well as they used to; they should always receive kind words and encouragement from those who are young and able to enjoy all the blessings of this life. Struck by Horses.

Officer Frank Shackles' little 10-year-old daughter Flossie was struck by a team of horses at Third and Ohio about 5 o'clock yesterday afternoon and badly bruised. The driver succeeded in stopping the horses before they passed over the little girl. She was picked up by C. Lundy who was standing near and taken into McGowan's drug store where she was attended by Dr. Collins. Besides losing a tooth and sustaining several bruises she was not otherwise injured.

Mr. J. M. Nelson, of Tipton, was in the city yesterday evening in the interest of the big democratic rally that is to be held at that place next Saturday night. CIRCULATION.

There are more Sedalia people regular readers of the EVENING DEMOCRAT than any other paper.

REMEMBER the democratic club meeting to-night.

No one has been able to give a single reason why any laboring man should vote the republican ticket.

The cloudy, gloomy weather of to-day is nothing to the gloom that will envelop our republican friends next week.

THE DEMOCRAT would earnestly advise its republican readers to quit betting on the election. They are sure to lose their money.

MIKE DOHERTY has made a faithful official and he deserves the hearty endorsement he is sure to receive at the hands of the voters.

EVERY good citizen should be a law and order league in himself and encourage and support the officers in enforcing law and arresting criminals.

THE democratic local ticket is worthy the support of the people of Pettis county. It was nominated at a primary election and is free from the taint of boss rule.

THE city and county officials will welcome the aid and encouragement of good citizens always. There have been nearly 1,200 arrests made in Sedalia since last April and a very large amount of fines col-

lected. This shows that the police force has not been idle. No town ever had a better chief of police than John DeLong, nor a better mayor than Capt. Stevens. It is not in the power of either of these men to entirely prevent crime.

UNFAIR AGAIN.

If Charlie Yeater, Billy Steele, George Longan and John Cushman had requested the county court to have only one voting place in Sedalia for next Tuesday's election the chances are an order of that effect would have been made, notwithstanding there ought not to be less than four, while eight would be much nearer the right number.

The *Gazette* is nothing if not unfair.

These are the facts in regard to the establishment of voting precincts:

Formerly there was only one voting precinct in Sedalia and that was divided into two departments, from "A" to "K" and from "L" to "Z." It was held that this plan was illegal.

Mr. Yeater proposed to the court that two voting places be made, and the plan was endorsed by Mr. Louis Hoffman, republican candidate for prosecuting attorney, who stated to the court that the plan was satisfactory to him. It was also endorsed and approved by Mr. Henry Lamm, a republican of standing in the community, and by Mr. P. H. Sangree, one of the republican leaders.

The court accepted this plan that was endorsed by the representatives of both parties.

But, for the fair and courteous treatment of its party leaders by the county court, the *Gazette* returns misrepresentation and abuse.

It really seems that our contemporary has reached that point where it has no reputation for truth and sincerity to lose, and knows no restraint or limit in its desire to make party capital.

Every day it furnishes additional reasons why conservative republicans should rebuke it in the only way a rebuke can be made effective, that is by voting against its candidates.

By the way, what has Mr. Hoffman to say of his organ's criticism of the court for following his advice.

A SERIOUS BUSINESS.

In a labored effort to extricate Sheriff Smith from the unfortunate position in which it has placed him in reference to the charge that he had said "I don't want any d—n democrat's vote," the *Gazette* says: "The fact of the matter is the democracy realize that their candidate for collector, Mr. Doherty, is certain to be defeated by Mr. Smith, who in two previous campaigns has been elected to office by the assistance of democratic votes, just as he will be again on the 8th day of November, and this particular falsehood was originated wholly with a view to driving democrats away from his support and back to Mr. Doherty."

This is a right serious business. If the charge is a falsehood the three gentlemen who swore to it are guilty of the crime of perjury.

Not only are these gentlemen guilty of perjury if the report is untrue, but there are several more gentlemen ready to make similar affidavits to those already published.

And again, if the charge is untrue, why did not Mr. Smith make an affidavit to his denial?

There is not a fair minded man in town who doubts the truth of the affidavits and no other paper than the *Gazette* would be reckless enough to dispute them. Such a course can do Mr. Smith no good; mere statements go for nothing as against sworn testimony.

The ardent yearning of the g. o. p. for the Australian law as a means of securing a secret ballot, says the *Detroit Free Press*, seems to have been superseded by a burning anxiety to beat the law wherever they can. In Indiana their scheme is, as reported, to hire voters to stay away from the polls. This would be effective inasmuch as it would overcome the difficulty of ascertaining whether the corrupted citizens has earned his bribe; but it is a costly scheme inasmuch as the briber gets only half a vote. In New Hampshire, apparently, the party of "all the decency and all the morality" has solved the problem more economically.

The plan there is to have the corrupted elector vote the entire republican ticket with the exception of a candidate for some insignificant place. For this he writes in a name previously given him by the "buddle" distributors and the appearance of a vote with this name written on it is to be the proof that he has carried out his part of the contract. It is a great device. If the inventors and the party to which they belong had exercised half as much ingenuity in keeping the party record clean and in meriting popular approval they would not need to resort to such tricks.

The *Gazette* is still harping on that alleged mob, the members of which, carried away with that righteous indignation that chivalrous men feel when a black brute has outraged a white woman, wanted to take summary vengeance on the fiend. The paper itself advocated "burning" a negro who "outraged" a wealthy lady, and now wants to ostracize men for merely desiring to hang a brute who outraged a poor working girl. Shame! Shame! The working people of Sedalia will remember this and by their votes they will resent it. In free America, among brave and manly men, a poor German girl is entitled to all the respect and protection given the wealthiest lady in the land; her person is as sacred; her virtue is as dear, and a wrong done her is as foul and calls as loudly for vengeance. No man will be ostracized in this country for going to any length to protect and defend woman.

The republicans of this city, and the republican candidates, especially, who desire a campaign free from personalities, should certainly be able to work a reformation in this particular in their own organ. If they do not, there must come a time when forbearance on the part of democratic newspapers will cease to be a virtue, and when cold, hard, cruel facts must be given to the world regardless of heart burnings and regrets.

The course of the *Gazette* is as cowardly as it is disgusting, and decent republicans cannot endorse it. Men cannot countenance personalities in their own organ and then expect a different policy from other journals. These are words of soberness and truth and we expect them to receive that consideration they deserve under the circumstances.

Does the *Gazette* expect to solidify the colored vote by its frequent references to the alleged mob? If so the DEMOCRAT would suggest that decent negroes do not defend such crimes as the one that called out the "mob," and all the *Gazette's* sympathy is wasted. Besides there is a white vote that feels deeply the difference which our contemporary makes in the two cases of the kind that has occurred in this city. Poor men, laboring men if you will, have as high regard for their wives and sisters as do any other class, and they are not apt to vote against men for desiring to resent a wrong done to a working girl.

THE republican protective tariff system proposes to make the manufacturer rich, trusting to his generosity to divide his wealth with the men who work for him. The absurdity of such a theory will come home to every man who will read the history of labor troubles in this country.

An "emphatic denial" is hardly a sufficient defense from a charge that has been proven by the sworn testimony of three reputable men. The managers of the charity hospital fund will please call upon Sheriff Smith for \$500.

EVERY fair minded man must admit that the DEMOCRAT has proven the charge that Sheriff Smith made use of the language "I don't want any d—n democrat's vote." Now let him hand over that \$500 to the charity hospital.

DICK DALTON is known as a friend of labor and he is on record with the statement that every law on the statute books of Missouri in the interests of laboring men has been put there by the democratic party.

If kept to the purposes for which it was organized—that is to aid the city and county officials in punishing criminals—and if its zeal is

tempered at all times with discretion, a law and order league cannot do harm, other than to create the impression abroad that Sedalia is an exceptionally lawless town, which is not a fact.

OUR CONGRESSMAN.

He Delights in a Saline County Audience With an Eloquent Address.

From the Marshall Democrat-News.
Hon. Jno. T. Heard spoke to a good crowd, for two hours at the court house, Friday evening. He began at 2:20 and it was 4:20 when he ceased preaching the sincere milk of the word of true democracy. It was one of the best, most conservative and convincing efforts we have heard during this campaign and his audience was delighted with his handling of state and national issues. He told us he had been invited to debate with a Mr. Pinkham, whom the third party have nominated for congress. As his appointments were already made he could not accept if so inclined, but he would have declined if free to do so, because there is practically no difference between our party and theirs with the exception of the subtreasury and ownership of railroads. The republicans were the authors of all the vicious legislation of which the populists complain and it would be more becoming and more consistent for them to invite debate with the republicans. The people's party hold the democrats responsible for all republican legislation which is as silly as it is dishonorable. He disposed of the warehouse business by telling the populists that the distillers had to build their own warehouses, instead of the government doing it for them. He good naturedly ridiculed them for "fusing around" and trying to defeat the only party that could relieve the country of its burdens.

Mr. Heard wound up eloquently by predicting the complete success of the democratic party and the complete annihilation of the populists when the cyclone struck them upon the 8th. He advised democrats to invite their erring brethren to eat Thanksgiving dinner with them and to receive them back into the democratic fold.

Too Much of a Risk.

It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's cough remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by Aug. Fleischmann.

Fine July Oysters.

Fresh oysters, the first of the season, served in all styles at Sacher's Cafe. Also for sale by the can.

AMUSEMENTS.

The Play Last Night.

It is seldom that a play with more pleasing elements than "A Kentucky Colonel" is seen in Sedalia. The play last night was one over which the memory loves to linger; the picture of the old regime and its people whose sense of honor, and whose elegance and hospitality are proverbial, came back like a dream. Association always marks this as an ante-bellum period. There are many Col. Osbourns in Kentucky today. In this character, McKee Rankin came close to the hearts of his audience and whether he be at his own hospitable table, or compounding one of his famous and seductive mint-julips, he is the same old cavalier. Frederick Bryton played the impulsive but honest-hearted Boyd Savely with admirable strength. A no better impersonation was seen in the whole company than the character part of Buck Hineman, by Charles Crosby. The remainder of the company were most acceptable.

By Wits Outwitted.

At an engagement of two nights only, on Nov. 3d and 4th, 1892, will be presented Edward Owings Towne's new comedy, "By Wits Outwitted." A decided claim for this comedy is made for its entire originality and the opening of a new theme in the line of dramatic creations. The comedy is purely high class, and in all cities where it has been presented has met with great success, much to the credit of the theatre-going public for its appreciation of such kind of entertainment. When we pause to consider how at the present moment the stage is so deluged with mediocre farce and melodramatic productions of a clap-trap, unreal and sensational order, the story of "By Wits Outwitted" is most strikingly new and witty and the situations excruciatingly funny. In the cast are included a number of excellent players, the principal rolls being in the hands of artists, while special attention has been paid to the minor ones.

"A Glimpse of Paradise," a delightful curtain raiser by Frank S. Pixley, editor of the Chicago Mail, will precede the comedy "By Wits Outwitted."

PERSONAL.

Dr. George S. Price, of St. Louis, is at Kaiser's.

Mrs. Fannie E. Steele is visiting her son, Bayliss, in Kansas City.

Tom Swann was in the city this morning and went south to Parsons. Lon Luther is down from Lamonte buying roosters to crow for the democratic scoop next week.

A large number of friends were entertained in a most enjoyable manner by Miss May De Long at a Halloween party last night.

James Mulcahy arrived from Marcelline, Kans., yesterday, where he is railroading on the Sante Fe, and will visit friends. Jim is a well-known Sedalia boy.

"A Kentucky Colonel" company went south to Springfield, Mo., this morning. McKee Rankin looks "A Kentucky Colonel" as much in private life as on the stage.

H. P. Paris, a prominent citizen of Clinton and leader of the prohibition party in Henry county, will arrive in this city this p. m. and speak at the court house to-night.

Superintendent H. G. Clarke and wife, accompanied by his parents, Mr. and Mrs. M. Clarke, of Tippecanoe, Ohio, left yesterday in private car No. 111 on a visit at Lincoln, Nebraska.

Gus Lamy, who has been confined to his bed for two weeks with typhoid fever, is said to be dangerously ill to-day. It is to be hoped that Mr. Lamy's sickness is but temporary and that he will soon recover.

Major E. C. Clarks, of the pension department, Washington, D. C., is home on a visit to his wife and son. Major Clarke though, a sterling democrat from every standpoint, was retained by the present republican administration because of his fine abilities.
